## SEC. LANE COLLAPSES IN GRANDSTAND

### "THEY'RE OFF" IN MARATHON

#### 'TRIBUNE' RUNNERS START

First Merritt Marathon Contest Begins On Lakeside Course.

Event Is Big Attraction of Admission Day Observance.

**T**RAINED to the minute, 200 clean-limbed athletes, representing practically every athletic club and educational institution in Northern California gathered at noon today at Lake Merritt preparatory to the first annual "Merritt Marathon," held under the auspices of THE OAKLAND TRIBUNE and the P. A. A.

The runners assembled at the Piedmont baths, beginning at 1 o'clock in the afternoon, where they were examined by physicians and where the committee members busied themselves in checking over entries, issue running numbers and supervising the task of getting everything ready.

Herbert Hauser, secretary of the P. A. A. and chairman of THE TRIBUNE committee, predicted that the "Merritt Marathon" would become the most popular athletic institution in California. The entry list was the largest ever received for such a race, and by far the most representative.

Many of the runners were accompanied by their trainers and mothers, and Piedmont Baths early in the day took on the appearance of a miniature Olympia.

Otto Rittler, coach for St. Mary's college, with an entry list of 19, was one of the busiest men of the day, for the duties of clerk of the course also fell upon his shoulders.

**ARRANGE DETAILS.**  
Frank Beck, J. B. Nash, C. H. Toole, W. L. Seawright, L. W. Schroeder and Gerald P. Eastman, the officials of the day, were on the job early, and the details of getting the runners ready proceeded with dispatch.

The Oakland Y. M. C. A. entry proceeded directly from their own gymnasium to the scene of the race. They had been carefully prepared by C. H. Toole, assistant physical director of the association.

It was generally estimated that fifty thousand people commanded a view of the course around which the runners circled. A detail of police hurried to the park as soon as the parade was concluded, and rendered invaluable assistance in handling the crowds and keeping the course clear.

Last night most of the entrants were examined by physicians. THE TRIBUNE acknowledges with gratitude the services volunteered by the following physicians: Dr. W. H. Irwin, Dr. J. Hamilton Fox, Dr. George C. Reine, Dr. C. A. Dufay, Dr. Thomas Rex, Dr. H. R. Dietz, Dr. R. M. Wallace, Dr. J. Maher and Dr. Ernest Clark.

**Thirty-Five Injured In Railroad Wreck**

**NEW HADSON, N. J., Sept. 9.**—The New York-St. Louis flyer on the Pennsylvania railroad was derailed four miles west of here at 9:4 o'clock this morning, injuring 35 of the 73 passengers and fatally injuring three of the crew. Six coaches went into a cornfield on one side of the track, the engine and tender striking a bridge about on the other side of the track and turning one span of the bridge into the air.

**BERLIN, Sept. 9.**—Ringer, a German aviator, was killed today while competing for a distance prize. The aviator ascended at Joachimsthal. After flying a few miles his machine suddenly collapsed and fell to the ground from 600 feet.

#### SORE HEADS AFTERMATH OF JOYS

There was one parade last night which had not been scheduled on the program of celebration events. It was a gory spectacle and did not commence until after midnight. It started at Tenth and Broadway and moved into Franklin street thence south to Fifth, disbanding at the emergency hospital. At one time there were as many as 500 in the line of march, or rather, rush. It ended in a grand finale at 2 a. m.

Just what started the movement has not been elucidated to the police, and

in the minds of those who acted as grand marshals and lieutenants in the event. Promptly at 11:30 o'clock J. H. Elwell, 408 Twenty-ninth street, San Francisco, left the line of march in the main event and shunted into the parade down Franklin street. His right arm was in a badly swollen condition as the result of beating the

luck was again in evidence today when Old Sol joined forces with him by providing ideal weather for the Bob McAllister-Sailor Petroskey contest, which will take place at the Eighth street arena this afternoon. The advance sale of seats indicates an immense attendance.

#### TIMOTHY D. SULLIVAN MISSING

**NEW YORK, Sept. 9.**—Congressman Timothy D. (Big Tim) Sullivan, disappeared last Tuesday morning from the country home of his brother in Williamsbridge, eluding his guards while they slept, and no trace of him has been discovered. He had only \$1 when he got away.

"Big Tim" had a nervous breakdown after the last election and in consequence never took his seat in Congress. Instead he was placed in a

incompetent to manage his estate of several millions and a committee of four was appointed to take charge of his personal effects. After a trip to Europe the representative was taken to his brother's home and three men were hired to guard him. He slipped away, however, and one night about a month ago revisited his haunts on the "East Side."

Friends recognized him and he was under surveillance within a few hours.

California's history and future was outlined today at Lakeside park, when, at the literary exercises preceding the band concert by Paul Steindorff's band, Grand President Monahan of the Native Sons, District Attorney W. H. L. Hynes of Alameda county and State Senator John F. Davis told the story of the achievements of the Golden State. A large crowd sat under the trees of the park to lis-

ten by three of her most loyal citizens and civic leaders. Following the speakers an elaborate musical program was rendered by the band. Speaking of California's past and future, and lauding it as the garden spot of the west, Davis spoke as follows:

#### ATHLETE IS HERO OF DAY

Crack athletes are running today in one of the state's biggest sporting events, the Pacific Association of the A. A. U. championship track meet at St. Mary's college, while, on Lake Merritt, famed rowers and swimmers are competing in Admission day races. This afternoon will be declared, go down in the sporting history of the state whose birthday is being celebrated.

At St. Mary's college the races started

the auspices of the Pacific Association of the Amateur Athletic Union. The field championships are being decided by the big body of athletes in this afternoon's events, which comprise the annual contest of the organization.

Athletes from the Olympic Club, University of California and Pacifica club were early on the field, and the St.

**SECRETARY OF THE INTERIOR FRANKLIN K. LANE** collapsed at 12:45 this afternoon while reviewing the Admission Day parade. He was revived after five minutes and was rushed to the home of his brother, Dr. Frederick Lane, in Berkeley. With him at the time were his wife, his young son and his brother.

"Mr. Lane has been suffering from a weak heart brought about by overwork for the past few months," said Mrs. Lane this afternoon. "I do not want the secretary to carry out his plans of leaving Oakland for Los Angeles tonight, but he seems determined, and probably will go."

Dr. Frederick Lane anticipates no serious consequences, but states that his brother will have to let up his strenuous activities and rest.

Winding through the streets of Oakland between lines of closely packed humanity, the Native Sons and Daughters this morning marched in the great parade which formed the climax of the festivities of the Admission Day celebration. With 20,000 Native Sons and Daughters, besides floats, platoons of police from both sides of the bay, and other features in the line of march, the great parade in honor of the birthday of California was witnessed this morning by over 300,000 people.

By nine o'clock the streets, which were wired off for the occasion, were packed. Long before the big parade started from Tenth and Market streets Oakland's downtown sections and the streets along the line of march were crowded. Windows were rilled, and the roof of big buildings, from the city hall to the smallest structure on Broadway, were peopled. The gay decorations of the streets, the banners born by the Admission day revelers, and the brightly colored floats and decorations of the marchers made a spectacle the like of which probably never before has been seen in Oakland.

**PARADE, STARTS.**

It was shortly after 10 o'clock that the great procession, moved from the starting point at Tenth and Market streets. Headed by platoons of mounted police, and an automobile containing Chief of Police Petersen and his aides, the first division, containing city officials, aides and officers of the day, and national guardsmen, the long line of marchers, amid the cheers of the crowds, proceeded down town, turning at Jefferson street to march to Fourteenth and then on Clay down to Seventh again. Back and forth marched the great procession, countermarching along the principal streets, and covering every downtown section in the long route mapped out. Bands played, banners floated in the breeze, and the thousands on the street cheered as the impressive spectacle of California's sons in gala attire passed in honor of the birthday of the Golden State.

**FEATURES UNIQUE.**

The great parade was notable with novel features. In ten divisions, the parade was divided so that each section would have several special features to entice it. Battery B of the National Guard, other companies of hospital corps, and military bands, headed by officers of the guardsmen, detachments of the Spanish War veterans, the Mexican War veterans, Grand Army men, California pio-

and Fourth streets when the boxer appeared to weigh in at 10 o'clock. The majority of them came to see how McAllister looked after his strenuous session in the training camp.

"Gentleman" Bob was at work up to the last moment reducing to the 160 pounds the articles called for and the lads who like to make a little wager on the outcome of a ring contest reported on the job this morning to give McAllister's condition the "once over." Bob looked drawn, but he will carry his full strength into

and strong and is as brown as the proverbial berry. Bob made the weight with nothing to spare.

Making 160 pound proved an easy task for Petroskey. The extra-ter was probably half a pound below the weight called for in the articles and the old timers declared he was in the "pink of condition." When Petroskey was informed that McAllister was being heavily backed he just smiled and remarked: "There will be a lot of gloom around that old Olympic site tonight."

### WILL RUSH BATTLE.

Petroskey plans to make a rushing battle. He will have ten seconds to hold him back this time and he will tear right in from the jump.

The betting dropped a point this morning and at noon McAllister was a ten-to-six favorite with every indication that he would be a more pronounced bout with the ringside. The odds were set at Buena Vista and have formerly backed Petroskey to the limit of their pocket risked but few dollars on the chances of their old pal. After witnessing the last scrap it is easy to pair the sailors figure that it is too tough a game for their hard earned money.

## Auto Mystery Still Unsolved by Police

SAN FRANCISCO, Sept. 9.—The endeavors of the police to clear up the auto mystery in which Miss Dooley of Vallejo was killed have so far been without result, although it is admitted today that one clue has not yet been completely run down. A telephone message to a garage for new lamps was caught by the police telephone operator. The identity of this garage has not been published and Captain of Detectives Mooney says that he has not given out its real name.

dicted prosperity for it and urged its citizens to remain loyal to the west. He said:

Worthy Grand President of the Native Sons, Worthy Grand President of the Native Daughters, Grand Officers and members of the order of Native Sons and Native Daughters of the Golden West Ladies and Gentlemen:

"I am very proud of the opportunity afforded me, today, to welcome you to the City of Oakland.

"In April of this year, when the Native Sons of Alameda county attended the meeting of the grand prior at Oroville, we had with us the members of that body who said that if the same organization was held in the City of Oakland, the assistance of the members of this county should be given. The county has as never before, a large and active membership. This we believe we are doing and, before this day, we shall have a membership of 100. It is my opinion that the members of the Sons and Daughters of the Golden Rule are going west here, and the residents of this community will have awakened to a realization of the fact that the representatives of California who reside within the confines of Alameda county are among the most progressive and energetic in the state.

Grand Presidents of the Native Sons and the Native Daughters of the Golden West. I desire to welcome you to our city, to wish you an enjoyable sojourn, hoping that you will partake generously of our hospitality and that you may take away with you the fondest of recollections of September 9, 1913."

which are strung about its shores  
will be the scene of one of the great

Huge new displays have been given to the city by the city of St. Louis. The city of St. Louis has a command of the art in colored flame will be seen over the waters of the lake which will reflect back the flash from the sky and the myriad lights on the shore in one of the most remarkable pictures in light ever seen. Last night's fireworks display was seen by thousands. Tonight's will be the finest display of the celebration, and by far the most elaborate. It is the most elaborate.

Band concerts tonight in the downtown band stands, when Native Son bands will play to the crowds on the streets, and bands will also play on the lake shores while the fireworks are seen. ## TAXPAYERS' COLUMN

All Communications to the Editor of THE TRIBUNE must bear the signature and address of the writer.

### BUYING THE TRACTION LINES.

EDITOR TRIBUNE—Would it not be wiser for Oakland to finish something? We have a harbor under construction, not finished for use and with disputed change in the original plans for its development. We are already embarked in municipal ownership of our water supply, at a cost of unknown millions, that will probably involve us in the Hatch Hotch water trouble, before we get through. We have expensive and necessary street openings, extensions and improvements, not finished.

In the midst of this mass of things unfinished, and faced by further cost of unknown amount before we can get back a penny of benefit, there is sprung a proposition to buy, by the expenditure of known millions, our street railroad and traction system, from people whose enthusiasm is out of proportion to the taxes they pay, are shouting for taking on the additional load before we have finished any of our pending public enterprises.

Our traction system bankrupted its originator and he was a pauper. The owner of the party who took it over spent in it his fortune and committed suicide. The system was founded and extended beyond current needs, in the hope of profit. It was a great factor in the growth of the city, but in sustaining it, lives and fortunes were lost. Let it alone. Don't leave our tasks now under way unfinished, to go rainbow chasing after novelties that are urged by hunters for notoriety.

JNO. P. IRISH.

EDITOR TRIBUNE: The juror who expressed himself in so disgraceful a manner, if correctly reported in your issue, is to be upon any jury where laws of the state upholding morality are involved. His language shows that he intended when he took his seat to vote "not guilty" regardless of the evidence. He must have conceived from the court the low standards of morality he held, which are a level with those of the adulterer. His language is an insult to the court and to his fellow jurors. He casts a slur upon the purity of the homes of California. David said in his haste, "All men are liars," so this juror, in his anger that he could not get eleven other men to vote as he had proposed to do from the beginning—practically says, "All men

## HOW I MADE MY HAIR GROW

Woman With Marvelously Beautiful Hair. Her Home Prescription Which She Used With Most Remarkable Results.

I was greatly troubled with dandruff and falling hair. I tried many advertised hair preparations and various prescriptions, but they all signally failed; many of them made my hair greasy so it was impossible to comb it or do it up properly. I think the many of the things I tried were positively injurious, and from my own experience I cannot too strongly caution you against using preparations containing weak alcohol and other poisonous substances. I believe they injure the roots of the hair. After my long list of failures I can unhesitatingly state is beyond doubt the most wonderful thing for the hair I have ever seen. Many of my friends have also used it, and obtained wonderful effects therefrom. It not only restores the scalp in first-class condition and for restoring gray hair to its natural color, but it is equally good for itching dandruff, giving the hair life, brilliancy, etc., and for the purpose of making the scalp in first-class condition. It also makes the hair easier to comb and arrange in nice form. I have used it for two months and during that time it has not only stopped the

loss of its growth, but it practically recovers all of its hair to its natural color. You can obtain the ingredients for making this hair restorative from any drug store. Canadian Town Divided in  
Opinion as to Justice of  
Verdict.

COATCOOK, Quebec, Sept. 9.—William Travers Jerome's acquittal last night on a charge of cambium was the chief topic today among the 3000 residents of Coatcook, though opinion was divided as to the verdict.

The evening remarks of Magistrate McKenna, who apologized to Jerome for the indignity of the trial and declared the charges had been justified neither by law nor fact, had a sobering effect, and even those who had been most bitterly opposed to Jerome had to admit that the trial had been a fair one.

Accompanied by Deputy Attorney-General Franklin Kennedy, Jerome is on his way to Albany, New York, by motor train on Sunday next preparatory to the production Monday before the King's Bench on a writ of habeas corpus.

## RIOT IS RESULT OF STRIKE IN FOUNDRY

ST. LOUIS, Sept. 9.—Five hundred core makers employed at the foundry of the Commonwealth Steel Company at Granite City, Ill., struck today. Men from a colony of foreigners rushed to take their places and a riot resulted in which several were hurt.

The strike was the culmination of a series of alleged grievances on the part of the employees of the mill. The men complained that they had been unjustly treated by watchmen. No demand for a wage increase has been made.

## MAINE ELECTION IS DEMOCRATIC GAIN, SAYS BRYAN

Chairman of Democratic Con-  
gressional Campaign Com-  
mittee Analyzes Result.

Bryan Attributes Result to Re-  
turn of Many Progressives  
to Republican Party.

WASHINGTON, Sept. 9.—Representative Doremus of Michigan, chairman of the Democratic congressional campaign committee, was an early White House caller today and analyzed the results of the Maine election yesterday as a distinct Democratic gain.

Secretary Bryan attributed the result to the return of a large number of Progressives to the Republican party. He issued this statement:

"The Maine election, while disappointing in the failure to elect our Democratic candidate, who is a very able and progressive man, is nevertheless a distinct gain for the Democratic party, when we consider the figures.

The Democratic candidate received with him a large number of the vote cast for the president last fall. This is a remarkably good showing when we consider that it was a special election. The Republican victory was due primarily to the return of a large number of Progressives to the Republican party. At least the Progressives lost something over 5000 votes compared with the returns last fall. The Democratic candidate, Mr. Pattangall, in an interview this morning refers to some defections in the party. There were two or three local influences which tended to reduce our vote, but all things considered, it seems to me that the Democratic vote was as large as could be reasonably expected and the result certainly cannot be construed as disapproving of the president's administration or policy."

## APPROVE PLANNED JUVENILE COURT

Further Organizations Endorse  
Probation Committees' Re-  
quest for Building.

Additional endorsement of the Juvenile Court building project was given today by the Probation Committee of the Board of Supervisors was given today by the following organizations: Oakland Civic Center, Mrs. Cora E. Jones, president, San Lorenzo Civic Center, Mrs. Mary Olsen, secretary; Mothers' Club of Fruitvale School No. 2 (Alameda) Mrs. L. C. Grasser, Mrs. Margaret E. Gunter and Mrs. Lucy Timmesley, committee; Center Oakland Union of the W. C. T. U., Mrs. V. W. Jenkins, president; Oxford School Mothers' Club Executive Committee, Berkeley, Mrs. H. A. Davis, president; Lincoln School Mothers' Club of Berkeley, Mrs. Lottie M. Hall, president, and Hillside School Mothers' Club of Berkeley, Mrs. E. S. Newton, secretary.

This makes a total of 45 organizations which have endorsed the Probation Committee request within the last week, not including the Child's Welfare League, which represents 40 or more organizations. Additional endorsements are expected from numerous other meetings to be held during the week. Probation officials are confident that the new building, which will be erected on the site of the present building, will be completed within the year.

"Five years ago we were told by Chairman Mitchell of the Board of Supervisors that nothing could be expected in the way of providing even the present rented building, unless it was shown that there was a substantial public sentiment in favor of such expenditure of public money. About 50 resolutions were sent in to the Supervisors, under the lead of the Oakland Club. Now the question is of a permanent building, and the present endorsements certainly indicate that the Board of Supervisors, whose members are believed to be personally in sympathy with the project, will be amply backed by public sentiment in such an expenditure."

## TAXI-CAB RATES TO HOTELS REDUCED

Ordinance Passed Fixes Fee  
From Ferry to Hotels  
at 75 Cents.

SAN FRANCISCO, Sept. 9.—Hereafter it will be possible to take a taxi-cab from the ferry building and go to a hotel for the modest sum of 75 cents, as the result of an ordinance passed yesterday by the Board of Supervisors. All of the main hotels of the city are included in the six-bit zone with the exception of the Fairmont, which, by reason of the hill climb, was placed outside the boarder line. Taylor street, and Fifth street, on the west, Townsend street on the south and Broadway on the north with a few zigzag boundaries, were decided on. This will enable one or two persons to make a comfortable trip to the hotels for 65 cents more than the street car would cost and take most of their baggage with them. The new regulation is expected to meet with favor not only by strangers, but from local citizens.

## ESCAPES MAKING FOR THE BORDER

Bradley and Graham, Who  
Sawed Way Out of Jail,  
Are in South.

That Charles Bradley, the murderer, and Robert Emmet Graham, the burglar, who escaped from the Alameda county jail by sawing the bars, were in Los Angeles Sunday night was the substance of a telegram received from Chief Sebastian of Los Angeles by Chief Peterson of Oakland last night.

Both men were heavily armed, and were traveling in an old Rex automobile, in which they were seen several days ago in Modesto. They obtained a quantity of gasoline in Los Angeles and proceeded on their way toward the border.

Bradley and Graham made their escape from the Alameda county jail last Monday night by filing the steel bars of their cells. Bradley was being held on a charge of murder on the afternoon of April 21, 1912, he shot and killed Special Officer C. A. Williams in the Elmhurst district.

Several days later he was arrested and identified by Julius Long, a boy living at 1002 East Fifteenth street, and Inspector McSorley. Graham was awaiting trial for an Oakland burglary. He was shot while trying to escape.

## FIRST ARREST OF AUTO SPEED FIENDS

SAN FRANCISCO, Sept. 9.—The first arrest made in several cases where automobile drivers ran into and then abandoned their victims occurred this morning when Detective Wren took into custody John Sneyer, owner of a taxicab stand. The man is alleged to have run down a wagon driver by the name of Lee Dobson yesterday. Dobson was thrown to the street and his horse ran away. This case is one of the less serious of these kind reported.

ATTACKED WITH HOE.  
VISALIA, Sept. 9.—As the result of a dispute over the payment of a bill of \$13.13 John Walker is in a sanitarium in Tulare and S. J. Miller is in the county jail here. When I recovered sufficiently to walk about the house I was left with a frightful hacking cough, which no medicine had taken could allay. It was at this time, March 1902, that I started taking Eckman's Alternative. In a short time my cough was gone and I was pronounced well. ## TRAP WOMAN WHO SENT FALSE CALLS

Police of Mission Stations in Small Hours, Had Thrice Been Fooled.

SAN FRANCISCO, Sept. 9.—After sending in three false calls to the police of the Mission station in the wee small hours of the morning, causing a half dozen officers to rush helter skelter after a mythical burglar, Mrs. B. Winters, was caught in the act of repeating the performance by Detective Kracke today. Miss M. Stencil, telephone operator, heard a voice over the wire asking for the Mission station and recognized it as the voice of the woman who had been fooling the police. She made the connection and Acting Lieutenant Cills answered the call.

"Is that you sergeant?" he called over the wire, and receiving an affirmative reply, placed the woman under arrest.

The house he had gone to was 813 Valencia street, just a few doors from 915, the number given and the woman who said her name was Mrs. B. Winters, was charged with violating ordinance 827.

In accordance with a pre-arranged plan, Cills kept the woman in conversation while Miss Stencil notified Detective Kracke while the chief operator of the telephone company located the phone from which the call came. Kracke sped out to the Mission in the automobile at a 50 mile an hour gale.

Already thousands of Californians, many of whom were pronounced incurable by their physicians, have voluntarily given their testimonials to the Nature Company of San Francisco, telling how the mineral, known as Akoz, has relieved them of rheumatism, catarrh, eczema, piles, ulcers and stomach, liver, kidney and bladder troubles.

Wherever the Akoz remedies have been introduced large numbers of grateful persons have voiced their praises of Akoz. Following is a brief summary of a few of the many testimonials received from residents of Sacramento, where Akoz was recently offered to the public.

Ed Carper, cafe man 816 K street—Two months flat on my back with rheumatism. Took Akoz 11 days and is now in better health than ever.

Mrs. E. A. McManus, 2522 H street—Great sufferer from catarrh, retained feces and smelly after seven applications.

Aleck Larson, gardener, 1044 Cutter avenue—Had complication of diseases, including rheumatism, catarrh of head and stomach and general run-down condition. Took Akoz and now strong after Akoz.

Mrs. M. E. Hyde, 1429 28th street—Had rheumatism and stomach trouble for nine years. After taking Akoz was able to run stairs like girl.

Mr. and Mrs. W. N. Candler, 1120 8th street—Had rheumatism, also catarrh. Akoz gave quick relief.

Mr. J. J. Adams, 1601 E street—Had rheumatism for 5 years. Took Akoz 10 weeks and now sleeps like child.

## Polaire Emulates the Zulu Nose Ring Is Latest Fancy

POLAIRE OF THE WASP WAIST, WEARING NOSE RING WHICH HAS SET PARIS BY THE EARS.

APRIS Sept. 8.—The Zulus have contributed the latest fashion to love, without a collection of fads and fancies in the new nose ring. This is just being worn. It is popular among women although the ring has been worn by bulls for many years—but the jewellers are getting, again in these necking days, a few have already been sold and seen at some of the jewelry stores.

Imagine a wedding ring carefully inserted in the nostrils. That is it. The Zulus used iron and copper rings, the bulls is of copper, but lovely woman has got. Whether the fad will be popular or not is to be predicted. Time will tell.

Perhaps, in the end, a woman's nose will be seen traveling about with a large nose ring supporting chains which hold purse, powder puff—and allowing both hands to be free to hold up her tango gown. Who knows?

Polaire, the famed actress, started the craze. Always searching for the bizarre, the little actress saw a picture of a Zulu belle—and at once telephoned her jeweler. A little later the ring was ready and, following a short but painful operation, it was put in place.

Polaire was the exposure of all eyes for a while and other women hastened to emulate London it is said is also getting the craze. Polaire recently appeared there, and wore her ring. They really say it is quite a sensation.

## GIRL AT ALTAR; HUSBAND VANISHES.

SAN FRANCISCO, Sept. 9.—The matrimonial hopes of pretty Anita Fontana, daughter of G. Fontana, a wealthy wine merchant of the Mission, who lives at 35 Liberty street were disappointed when her fiancé, Herman Wobber, failed to put in his appearance for the wedding Sunday. Investigation on the part of Miss Fontana and her family, revealed the fact that Wobber was already married and had left the city with his wife.

Miss Fontana has placed the matter in the hands of her attorney, R. G. Hudson, but does not intend to take any legal action until tomorrow. She hopes to hear from Wobber.

The last that the Fontanas saw of Wobber was a week ago Sunday when he had dinner with them and plans for the wedding were discussed.

Wobber, who lived at 125 Clayton street, is interested in a Market street stationery store and also had an interest in two moving picture theaters on Market street.

## EVELYN NESBIT THAW WILL PLAY IN CANADA.

NEW YORK, Sept. 9.—Evelyn Nesbit Thaw will be in Canada and probably in the same city with Harry K. Thaw in case the fight to deport him is long drawn out and, as expected, he is kept in Montreal or released on bail.

Stock and Guest have signed a contract with her for forty-five weeks at a salary of \$1000 a day. She is to appear in Toronto on September 23 for a week, and play the week following in Montreal in "The Girl in the Green Mask."

## SOCIETY BELLE BITTEN BY PET SCOTCH TERRIER.

SAN FRANCISCO, Sept. 9.—Miss Alice Hager, society woman and enthusiastic dog fancier, is slowly recovering from a bite from one of her famous Scotch terriers.

Miss Hager was exercising her Scotch terriers recently when two of them began to fight. In separating them one of the terriers bit her on the hand.

Miss Hager is now out of danger.

## BELBOY HUSBAND WILL NOT CONTEST WIFE'S SUIT.

SAN FRANCISCO, Sept. 9.—It is understood that Hubert L. Putnam, the belboy husband of Viola Barbara Lux Putnam, granddaughter of Henry Lux, will not contest his wife's suit for divorce.

The couple separated six months ago, the young man frankly giving up the effort to support the wife in the manner demanded by her previous life of luxury. Neither Putnam nor his beautiful wife expressed regret at the ending of the romance. It was merely an unsuccessful experiment.

Miss Putnam emphatically asserted that she did not wish to say anything unkind about her husband. She indignantly denied a report that the com-

Theatrical Man  
Known About Bay

LESTER MANTER.

L. W. Manter, well known in local theatrical circles, and for four years past assistant manager of the Macdonough theater, will leave today for Sacramento, where he is to be employed at the Clunie theater, also under the management of F. A. Gussie. In charge of the Macdonough theater, Manter has been identified for the past 10 years with theatrical work, particularly about the bay, and is widely known. He had, before coming to the Macdonough, a wide experience as road representative for several large attractions, and has been connected with several large theaters in different cities on the Pacific coast.

Two years ago he was married to an Oakland girl, Miss Dorothy Henry. Mrs. Manter is well known socially. She will spend several months in the Santa Cruz mountains, after which she will join her husband in Sacramento.

During his four years here, Manter made a wide circle of friends among patrons of the theater, and has received many expressions of sorrow at his departure and wishes of good fortune in his new field. The Clunie theater, at Sacramento, is the leading theater, playing all the latest attractions from the east, as well as the acts of the Orpheum circuit.

The new officers of the club, chosen last Friday, are as follows: President, E. B. Lester, vice-president, A. C. Bayler, secretary, E. Forrest, treasurer, Joseph Parker; sergeant-at-arms, John H. Sheehan; board of directors, J. H. Griffin, William Redman, J. McLean, Michael Dolan, Stewart Major, Edward Meyers, Frank Prinslow, M. WOULD RECALL  
SAN DIEGO MAYOR

## Dispute Over Harbor Improvements Starts Municipal Dispute.

SAN DIEGO, Sept. 9.—Petitions for the recall of Mayor F. O'Neill and Councilman H. N. Manney were placed in circulation yesterday afternoon.

The grounds for recall as alleged in the petitions is the course of the mayor and councilman in a dispute that has arisen in reference to harbor improvements.

Last year the people voted \$1,000,000 in bonds for the construction of a municipal wharf. Former City Engineer Edwin M. Capps was placed in direct charge of the work. When Manney, who is a retired rear admiral, was elected to the council last spring, he was given general supervision of the wharf project. He objected to Capps' methods. A hot dispute has been in progress for weeks, the mayor siding with Manney. This afternoon the

Major O'Neill's recommendation to call in a consulting engineer. Shortly afterward the recall petitions appeared on the streets.

BRIDGE IN COLLAPSE;  
TWO SERIOUSLY INJURED

SACRAMENTO, Sept. 9.—Collapsing under the heavy weight of a rock engine, the south span of the Northern Electric bridge across the American river, three miles northeast of this city, gave way last night and the engine and two cars plunged to the river bottom forty feet below.

Engineer Stevens and Fireman Williams were imprisoned in the engine, which remained upright. Stevens exercised presence of mind and shut off the escaping steam and closed the valves controlling the flow of the oil. This saved his life as well as that of Fireman Williams, who was badly scalded.

Stevens' left leg was crushed and it will probably have to be amputated.

FUSION NAMES  
MAY BE ENDORSED

Right to Place Candidates On  
Other N. Y. Tickets  
Allowed.

NEW YORK, Sept. 9.—The names of fusion candidates for city and county offices may also appear on the primary ballots of other parties by virtue of a resolution adopted last night by the fusion executive committee. This resolution was adopted as a result of a letter from John J. Hogan, chairman of the Independence League ticket for mayor.

We never have undertaken to discuss the merits of the candidates and do not wish to do so now," says the resolution. "The committee holds that Mr. Hogan is perfectly free to take the Independence League designation if he so desires."

When the Independence League designated Mitchell for mayor he declined because the league refused to support George McAneny for president of the board of aldermen, and William P. Carstairs for comptroller. It is understood that Mitchell now is willing to head the Independence League ticket and that Pendergrast and McAneny will accept the endorsement of the forces behind the candidacy of Mayor Gaynor for re-election.

Although Gould could launch his hydro-aeroplane in the Hudson, near his home in Ardsley, it is said that he does not contemplate making a flight on the Hudson but along the coast between New London and New York. He hopes it is said, to reach some time next month.

## AGREE UPON FINAL VOTE ON TARIFF BILL

Senate to Give Measure Final  
Voice at 4 O'clock This  
Afternoon.

Free Wool and Free Sugar  
Disposed of During 19-  
Hour Session.

WASHINGTON, Sept. 9.—The final  
vote on the tariff bill will be taken in  
the Senate at 4 o'clock this afternoon  
in accordance with an agreement reached  
before the Senate adjourned shortly be-  
fore 9 o'clock this morning, after a 19-

features, including free wool and free  
sugar, were disposed of.

Senators who had remained in the  
chamber until adjournment were sleep-  
y-eyed at 3 o'clock for the final delibera-  
tion on the tariff bill, the cotton sched-  
ule and several other amendments re-  
maining to be discussed. Senator La  
Follette planned to discuss the cotton  
schedule and to offer amendments. Sen-  
ator Bristow and Senator McCumber  
were ready for the final arguments  
against free cotton, free wool and free  
sugar on other agricultural products, and Sen-  
ator Norris planned to urge the adop-  
tion of coffee amendments. An ex-  
odus of senators was confidently ex-  
pected soon after the final vote, many in-  
dicating last night that they would leave  
for their homes or vacation resting  
places as soon as possible.

**SENATE CHANGE MADE.**  
The tariff bill has been in the Senate  
exactly four months and two days, hav-  
ing been sent over from the House May  
8 last. The principal changes made in  
the bill by the Senate concern the free  
list and the income tax. House leaders  
believe the Senate changes would reduce  
the revenue the duties were estimated to  
produce and they hope, in conference, to  
get Senate leaders to agree to restore  
some of the House provisions.

The Senate reduced the minimum to  
which the income tax will apply from  
\$4000 to \$3000, and increased the rates  
on the larger incomes over the House  
provisions. Counting duties on  
some manufactured commodities were  
imposed by the Senate to meet the free  
listing of raw materials. The counter-  
vailing duty on wool pulp was elimi-  
nated. The free wool and free sugar pro-  
visions, around which the spectacular  
features of the tariff fight waged, were  
unopposed by the Senate. The income  
tax is expected to make up the loss of  
revenue on sugar.

**REPUBLICANS ABANDON HOPE.**  
The Republicans today gave up hope  
of carrying any amendments and per-  
mitted many of the votes to be taken  
without roll calls.

When the fight over agricultural pro-  
ducts ceased, Senators Thornton and  
Ransdell of Louisiana, Democrats, joined  
the Republicans in voting against the  
low duties of the Democratic bill. An  
amendment by Senator Brewster for a  
15 per cent duty on cattle, swine, sheep  
and other domestic animals, was de-  
feated 23 to 25. The Senate committee's  
action in cutting off the 10 per cent  
duty fixed on cattle by the House bill  
and putting them on the free list, was  
then ratified 31 to 25. Senator Mc-  
Cumber led the fight against free wheat.  
The House bill imposed a duty of 10  
cents a bushel, but the Senate commit-  
tee transferred the item to the free  
list. An amendment by Senator McCum-  
ber for a 15 cents duty was defeated  
25 to 29.

**HOUSE PROVISION REMOVED.**  
Senator Jones made a further attempt  
to have retained in the bill the House  
provision for a 5 per cent reduction in  
duty on all goods imported in American  
ships. He mustered only 11 Republicans  
to his support, however, and the provision  
was removed. Many of the foreign  
governments had protested against it.  
The Republicans made a last ineffective  
effort to have the Democrats take off  
the proposed duty of one-tenth of 1 per  
cent per pound on bananas. The pro-  
vision free meats was also defeated as  
"an iniquity" by Senator Brewster, who  
tried unsuccessfully to have a 15 per  
cent duty fixed. His amendment was  
defeated 38 to 32.

Another futile attempt to put an anti-  
trust provision into the bill, one to  
transfer imports to the free list, when-  
ever it became apparent that they were  
controlled by a trust, was made by Sen-  
ator Cummins. His amendment was de-  
feated. "This was an opportunity for  
the Democratic party to give some real  
relief from the burdens imposed by  
trusts and combinations," said Senator  
Cummins.

## TRAMP'S NOTE MAY SOLVE A MYSTERY

Murderer of Policeman Bates  
May Have Written  
Letter.

SAN FRANCISCO, Sept. 9.—What may  
be a direct clue to the murder of Police-  
man Charles Bates, which occurred on  
Sixteenth street, in the Mission district,  
more than a year ago and has proved a  
mystery to the police, was contained in a  
note handed to Patrolman John Morrow  
at the Mission station this morning.

The officer was standing near the mu-  
seum about 9 o'clock when an uncouth  
looking individual with sandy complexion  
and a three-days' growth of beard, shut-  
tled up to him and handed him a note  
which reads:

"Goodbye, dear mother, I am going  
to shoot myself. I have got a pistol,  
I stole it from a policeman and I killed  
him with it. I shot him through the  
head."  
FRANK G. MCCOY.

"Here's a kiss, Goodbye."  
Before Morrow had had time to read  
the note the man had disappeared, and  
although he searched everywhere, he could  
not find him. It is possible that the mur-  
der of the policeman, if it ever occurred,  
did not happen here, but Bates is the  
only man who was killed locally and  
whose murderer was not arrested.

## ALL-STAR CLAYTON Surrender Himself

patch has been received from the

fect that Arthur Widney, who is ac-

phy, will arrive here tomorrow and  
surrender himself. Miss Murphy has

Fires, Insurance and Fire Fighting.

For organization and machinery to fight fires America leads the world. American cities spend sums that would be deemed wildly extravagant in Europe to maintain bodies of highly trained men equipped with mechanical devices of the most ingenious type to extinguish fires and prevent the spread of conflagrations. Yet the fire losses in this country are enormous. Every year the cities of the United States are visited by fires which destroy property of untold value. In addition to the immense cost of our fire departments, business and property are heavily taxed to pay for insurance risks. In Europe the loss by fire is a mere bagatelle compared to the loss over here and the cost of insurance is much less.

Here are paradoxes worth inquiring into. We spend too much money and ingenuity in putting out fires and too little in preventing them. In Europe they do the very opposite. Prevention is the object sought, not extinguishment after fires are started. The people are trained to be more careful and the authorities are stricter in compelling compliance with laws regulating the construction of buildings and the installation of safety devices. They erect buildings that will not easily take fire nor readily burn when ignited. Prudence and forethought have become fixed habits in the domestic economy, hence disastrous fires are rare in European cities.

There is no parallel in Europe to the great fires which laid Chicago, Boston, Portland, Baltimore and San Francisco in ruins. The explanation is simple. Skill is exhausted in making such holocausts impossible. We build cities to burn, and they do burn, and tax ourselves heavily to maintain armies of fire-fighters drilled to perfection to extinguish the flames that our contempt for danger is responsible for springing up on all occasions.

Some years ago a battalion of fire-fighters from Kansas City traveled through Europe giving exhibitions of their drill and expertise in using the appliances for extinguishing flames. They were admired and praised wherever they went, and were puffed up with pride till they visited Leipsic. There the local fire department gave an exhibition drill for the edification of the visitors. The force was small, the appliances old-fashioned and painfully inefficient compared to the appliances in use in America, and the methods altogether out of date according to American ideas. This was politely told to the Leipsicers. Then came the surprise. By comparing statistics, it was shown that the fire department of Leipsic cost about one-third as much as the Kansas City department, while the fire losses in Leipsic for the ten years immediately preceding aggregated about 10 per cent of the fire losses in Kansas City.

Somehow the glory of American efficiency in fighting fires faded away. When the string was chewed the Germans put it all over the Kansas City boys.

"How do you do it?" they asked.

"We put the fires out before they start," was the answer. It was by acting on the principle of the old adage that an ounce of prevention is better than a pound of cure that the Germans saved themselves from the dreadful experience of conflagrations, also excessive insurances rates and the expense of maintaining a costly fire department.

For the first time since 1846 the registrar of births reports that the population of Ireland increased during the year 1912. Decline in emigration and the death rate are held responsible for the figures changing from the debit to the credit side. The credit for arresting the drain of emigration is given to the land purchase act and the decline in the death rate has offset the decline in the birth rate. As emigration decreases the health and physique of the people of Ireland improve. Emigration drains a land of its young men and women, leaving behind the aged and infirm. For three-quarters of a century the boldest, hardiest and most adventurous of the Irish stock has drifted across the ocean to the United States, Canada and Australia. In consequence the island became impoverished in a double sense. Turning back the land to the people is keeping them at home, and renewing alike the fertility of the soil and virility of the people.

MACIC WAND CURES POVERTY

I have laughed heartily many times since I came home to think of the figure of Tragedy I felt myself that morning in the city of Kilburn. I had not slept well, had not slept at all, I think, and the experiences and emotions of the previous night still lay heavy upon me. Not before in many years had I felt such a depression of the spirits.

It was all so different from the things I love! Not so much as a spear of grass or a leafy tree to comfort the eye, or a bird to sing. No quiet hills, no sight of the sun coming up in the morning over dewy fields, no sound of cattle in the lane, no cheerful cackling of fowls nor buzzing of bees. That morning, I remember, when I first went out into those squalid streets and saw everywhere the evidences of poverty, dirt and ignorance

bombards one with an infinite variety of new impressions and new adventures, and I could not escape the impression made by crowded houses and ill smelling streets and dirty sidewalks and swarming human beings.

For a time the burden of these things rested upon my breast like a leaden weight. They all seemed so utterly wrong to me, so unnecessary, so unjust! I sometimes think of religion as only a high sense of good order, and it seemed to me that morning as though the very existence of this disorderly mill district was a challenge to religion, and an offense to the Orderer of an Orderly Universe.

I don't know how such conditions may affect other people, but for a time I felt a sharp sense of impotence—yes, anger—with it all. I had an impulse to take off my coat and then there and go at

miles away—the thought of my own home among the hills (with Harriet there in the doorway) came upon me with incredible longing.

"I must go home I must go home!" I caught myself saying aloud.

I remember how glad I was when I found that my friend Bill Hahn and other leaders of the strike were to be engaged in conferences during the forenoon, for I

things straightened out in my mind. But I soon found that a day is a long place for reflection or contemplation. It

I never was more serious in my life. I was quite prepared to change the entire scheme of things to my way of thinking, whether the people who lived there liked it or not. It seemed to me for a few glorious moments that I had only to tell them of the wonders in our country, the pleasant, quiet roads, the comfortable farmhouses, the fertile fields and the wooded hills—and, poof! all this crowd-

and they would all come to the country and be as happy as I was.—David Grayson in the American Magazine.

ON A VISIT

There is an amusing story of a visit paid by a certain Countess of Londonderry to the Turkish Sultan, Mahmud II. No European lady had ever been presented to his Imperial majesty, and Lord Ponsonby, the British Ambassador, would not try to arrange the interview, on the ground that such an unprecedented request might annoy the Sultan.

Lady Londonderry was determined to see his majesty, and by some means had her desire made known to Reschid Pasha, the Turkish Minister for Foreign Affairs. The witty Reschid, desiring to do his best for her ladyship, made known to the Sultan that a person had arrived at Constantinople with a wonderful collection of most valuable jewelry for sale, and ventured humbly to suggest that his imperial majesty might like to see the same.

The Sultan was interested and an interview was arranged, but Reschid merely told Lady Londonderry that she would be presented and that the Sultan having heard of the fame of her jewelry, had particularly requested that she would put it all on when she came. The gratified lady did so.

On her arrival at the palace Reschid Pasha conducted Lady Londonderry to the presence of the Sultan. Her dress glittered with diamonds, pearls, turquoise and other precious stones.

"Pekki (good)" said the Sultan, as Lady Londonderry courtseyed. "See, has brought magnificent jewels."

Reschid (turning to the lady)—His majesty graciously bids you welcome.

YORKSHIRE POST.

Lady Londonderry bowed and expressed her thanks in French, which was the language used by Reschid.

Reschid (interpreting)—She says she has other jewelry, but could not put on all.

Sultan—Ask her what is the price of that diamond necklace.

Reschid—His majesty inquires whether this is your first visit to Constantinople?

Lady Londonderry—This is my first visit and I am delighted with all I have seen.

Reschid (to Sultan)—She asks a million of piasters.

Sultan—That is too much.

Reschid (to Lady Londonderry)—His majesty asks whether you have seen the mosques. If not, he offers you a firman.

Lady Londonderry expressed her thanks.

Sultan—What price does she put on that set of turquoise?

Reschid (to Lady Londonderry)—His majesty says that perhaps you would like to take a walk in the garden.

Lady Londonderry expressed her thanks and said she would like to see the imperial garden.

Reschid (to Sultan)—She says 400,000 piasters.

Sultan—Take her away! I shall not give such prices.

Reschid (to Lady Londonderry)—His majesty graciously expresses satisfaction at having made your acquaintance.

Lady Londonderry courtseyed low and withdrew from his majesty's presence to visit the garden with the amiable and courteous Reschid; and afterward she had a delightful story to tell to her friends of the kindness with which the Sultan received her.—Yorkshire Post.

## DR. GOODSPEED'S CASE IN PRESBYTERY'S HANDS

### A. L. Adams Presents Letter From First Presbyterian Church

BERKELEY, Sept. 8.—Declaring that the Rev. Frank L. Goodspeed failed to support the building plans of the Oakland First Presbyterian Church of which he is pastor, and charging him with inability to work in harmony with the interests of the church, Arthur L. Adams, trustee of the church, reviewed before the Oakland Presbytery this morning the history of the strained relation between pastor and officials which led Dr. Goodspeed to resign this morning the acceptance of his resignation.

At this afternoon's session of the Presbytery, which was held in the First Presbyterian Church of Berkeley, Roscoe Jones, also a church trustee, spiritedly defended the pastor, and Dr. Goodspeed himself spoke at length in his own defense. The Presbytery will render a decision later.

entiation in committee of the whole, with Rev. Graham Lee presiding. The session twice voted against excluding the press. The matter was brought before the Presbytery by Rev. Goodspeed's request that his resignation be accepted. Adams opened the case against the pastor. He read a petition from the officers of the session asking acceptance of the resignation. He presented a similar petition from various members of the church and a third from the organization. A fourth petition, signed by the officers of the King's Daughters, Oakland, Rev. Goodspeed, and not conserved harmony and peace in the church nor aroused enthusiasm for our new home.

A fifth petition, from the Ladies Aid Society, declared that "the unfortunate disposition of the Rev. Goodspeed might result in the spiritual death of the church."

#### LETTER FROM PRESBYTERY.

Trustee Adams continued by presenting a lengthy letter from the session of the First Presbyterian Church to the Oakland Presbytery. This in substance was as follows:

"The strained relations in the First Presbyterian Church in Oakland, date from the selling of its property at Fourteenth and Franklin street and its proposal to move to Twenty-sixth street and Broadway. The sale of the old property for \$300,000 was accomplished without friction. Rev. Goodspeed selecting a nominating committee which in turn selected a building committee of which the pastor was ex-officio a member.

"When the final sale of the old property was to be made, Rev. Goodspeed first showed himself unable to co-operate with the building committee. Though he had not previously done so, he now emphatically fought the sale on Broadway. His opposition caused a story that he was over the river and gone to be made.

"During the discussion of the plans, Rev. Goodspeed again made no opposition. When the final vote was taken, he raised emphatic objection, and again arousing suspicion of irregularity.

His inconsistency was shown in his first keeping aloof from the discussion and then after the work was done criticizing and rejecting and seeking the defeat of the plans.

"Later a meeting was held at which one-sixteenth of the membership was present. It was apparent at the start that a conspiracy had been developed, intentionally or unintentionally fostered by the attitude of the pastor. The demand of this meeting that members of the building committee be replaced was followed by a meeting of the whole congregation, when the members of the committee were replaced by those of the congregation who were in the majority.

#### ACTION NOT UPHOLD.

"The board of trustees refused to uphold this action of May 1, 1912, and resigned one by one. Rev. Goodspeed's actions were responsible for this disruption; at least, he did nothing to stop it.

At this time by several times. He withdrew his financial support from the church, with the exception of a single sitting. He refused to join in the groundbreaking exercises, which had been planned, and necessitated their abandonment. He failed at any time to mention the new building by prayer or by notice.

#### ASK RESIGNATION.

Trustee Adams proceeded with a further review of church history by showing that on March 9, 1911, at a session of the session of the session, fifteen members of the session signed a letter to Rev. Goodspeed asking him to resign. This letter was not presented, but a compromise was reached by which it was agreed that Rev. Goodspeed should resign one or two months after the meeting of the new church. He was also to co-operate in fostering enthusiasm for the new church and to take an extended vacation during which his possible successor should address the congregation. According to Adams this agreement also failed to restore harmony, and fearing an explosion that would harm both pastor and church, he wrote Rev. Goodspeed on July 13 asking him to resign at once. On July 28 the elders of the church decided at an informal meeting that Rev. Goodspeed should resign at once and on August 17 he presented his resignation.

#### OPPOSE RESIGNATION.

On August 30 the trustees decided that Rev. Goodspeed should preach one more sermon, but that his nominal pastor and salary should continue to the end of the year. On September 3 the congregation, by a vote of 228 to 76, opposed the pastor's resignation.

In a resolution Adams urged upon the Presbytery the acceptance of Goodspeed's resignation, asking that it be made to take effect October 31 instead of December 31, declaring the period during which Rev. Goodspeed was to receive salary without rendering actual service to be too expensive for justice to the church.

The Presbytery is expected to appoint a committee to investigate the church trouble, after which a vote will be taken on the question of upholding the decision of the members who voted to retain Dr. Goodspeed.

## R. R. MEN PLAN FOR ELECTRIZATION

### In Presenting Demands Employees Provide for Expected Change.

KANSAS CITY, Mo., Sept. 8.—In presenting their demands to heads of the railroads of the West at a conference to be held in Chicago next Monday, the engineers and firemen employed by the roads not only will ask for an entire readjustment of their working schedules, but they will look into the future and provide for the time when they expect the motive power of the railroads to be changed from steam to electricity, according to an announcement by representatives of railroad labor organizations here tonight.

Ninety-five thousand engineers and firemen will be represented. In the past the Brotherhood of Locomotive Engineers and the Brotherhood of Locomotive Firemen have had schedules which were taken up separately by the organizations, but the two organizations have decided that their needs are mutual. The schedule to be presented Monday was worked out on this plan, and will be presented by the officers of both organizations.

The proposed schedule as announced here tonight differs widely from the one now in effect. A new basis for the wage schedule has been outlined, and the trainmen will ask that when electricity is substituted for steam the engineers, who then are to be known as motormen, receive \$4.50 to \$6.50 per day, according to the weight on passenger trains, and the firemen or helpers \$3.25 per day. Motormen on freight trains will ask \$3 to \$7 a day, and the helpers \$4.75 a day.

#### PLAN HEARINGS.

NEW YORK, Sept. 8.—The arbitrators of the demands of the conductors and trainmen of the Eastern railroads will arrive in this city Wednesday, to prepare for the hearings which will begin Thursday. The committee of 100 representing the conductors and trainmen also will arrive here Wednesday.

Many of them will take the witness stand to support the contentions of the men for a change in working conditions and increased pay.

The hearing, which will be the first held under the Newlands amendment to the Erdman act will be public.

## MASONS CONDUCT PIONEER'S FUNERAL

### Services Held for Amos L. Fuller, Veteran Educator.

Under the auspices of the Brooklyn Lodge of Masons, the funeral of Amos L. Fuller, veteran educator and former Alameda County Superintendent of Schools, will be held tomorrow at the lodgerooms at Eighth avenue and East Fourteenth street.

The pioneer educator died three days ago, following an illness of several months. He was born in Sutton, Mass., in 1833, and came to California when a young man. For a time he engaged in mining ventures, and later taught school in San Lorenzo, Alvarado, and Fruitvale. For two terms he acted as county superintendent. He had been a member of the Masonic order for 50 years.

## Fire Spreads to Big Lumber Yards

SAN FRANCISCO, Sept. 8.—A fire which looked as though it would destroy several acres of lumber yard, including the Second street bridge on the southern waterfront, broke out shortly after 1.30 this afternoon. One of the warehouses of the Pope & Talbot Lumber company was first seen to be on fire, and the flames were quickly turned in. The fire spread with great rapidity and soon all of the lumber yards adjacent were ablaze. The firemen worked heroically and the fire tugs in the bay gave aid.

J. J. Mulhall, a stableman of 72 Silver street, was in the warehouse five minutes before the first started, but saw no sign of the blaze at that time. It is believed that today's fire is incendiary. This is the fifth blaze that has taken place in the establishment, all occurring on Sundays or holidays.

It is believed that thirteen horses were one of the horses which he rescued and also suffered burns.

**EXPLORERS MURDERED.**  
WINNIPEG, Man., Sept. 8.—Word was received late today of the murder of Harry V. Radford, American explorer, and his companion, George Street, on the Arctic coast. The killing, in the meager reports received here, was said to have been done by Eskimos.

## "THE SHOW GIRL" IS IDORA HIT

### Thirty California Peaches Give "Amateur Night" Stunt.

Miss Mindel Kingston as "The Show Girl" at Idora park last night charmed a huge holiday crowd which gathered in the open air amphitheater. The place is one of the snappiest, liveliest musical comedies seen in many a moon, and presented by the Idora company, lost none of the dash and vim which characterized the original production. Woodward was his funniest, George Finner, Lawrence Rogers, Tom Bunker, Vera Allyn and Jack Polard all contribute to the fun, and the show is, on the whole, one of the best seen at the Park Beautiful this season.

Several catchy musical numbers furnish songs for Miss Kingston and the chorus, and she dances a bit, as usual.

A feature of the production was the "Amateur Chorus Contest." The girls bawled the "Amateur Nights" of vaudeville houses, and every one of the thirty California peaches added a new laugh to the total.

"The Autos that Pass in the Air," the new sensation, was seen between acts. This is a thrilling spectacle.

"The Show Girl" will run all week.

## THREE MEN IN HOLD-UP.

## EIGHT-HOUR LAW VIOLATION, CLAIM

### American Federation of Labor Believes Government Fails.

WASHINGTON, Sept. 8.—Charges that the Government is winking at gross violations of the eight hour labor law in the execution of federal contracts, was led by the statement of an investigation by the Central Labor Union. The American Federation of Labor will join its powerful aid in pressing the inquiry. The committee proposes to look into the alleged practices of contractors and subcontractors said to be working out their contracts with the government at the expense of their employees.

J. T. Tucker, delegate to the Central Labor Union, was the authority for the accusation that on much Government work, nine and even ten hours schedules were not uncommon. He also charged that the work was being done at a greater cost than it could be done by the Government itself.

A committee of three headed by the president of the local union, was named to take up the matter with the proper Government officials.

Drew Caminetti, convicted of violating the white slave act, will not be sentenced tomorrow morning when they appear in court for that purpose before United States District Judge C. Van Fleet.

Theodore Roche this morning admitted that he would ask for a continuance on the grounds that the Harris-Diggs case of subornation of perjury comes up this week and that he wishes to have all the cases completed before sentence is pronounced on one of the trio.

"I shall ask for a continuance until Monday," said Roche, "and I am certain that Judge Van Fleet will grant the stay."

# Leavitt's Trip East Presages Shake-Up for Local Ball Club

## Billy Fitz Says he:

It was no trouble at all for McCredie's gallant acrobats to take their

form. Had there been a few more games scheduled between the two teams the Ducks would have won just as many as they played. It is over one team had the number of the opposition the Ducks constitute that same team. If you had allowed the Oaks six extra and fourteen men in the field they would have been beaten just the same. In fact, they were beaten before they ever came on the field, hopelessly beaten. Every man on the Oakland team is so nervous, discouraged and humiliated that about all they are longing for is the end of the season and a chance to disappear for a time. It is a pitiful plight for a bunch of good fellows. Apparently the title of "champions" is a curse.

The departure of President Frank W. Leavitt of the Oakland club for the east has been taken to indicate that the Oaks boss contemplates a general shake-up and a complete reorganization for 1914. Everyone is quite willing to admit that this is necessary. Leavitt has invested considerable money in baseball on this side of the bay. The new ball park was built at great cost and is not yet paid for. Leavitt banked on a continuance of public interest in baseball here and at least a fighting ball team. He can't have the first without the second, and the Oaks are not fighting. They show no more fight than a soft tomato. Hence the trip East.

It seems generally agreed that Honus Mitze has been a victim of circumstances and that he will hardly be entrusted with the fortunes of the 1914 Oaks. Mitze would probably not accept if he was offered the job. Truth to tell, the Oaks manager feels that fate has not dealt squarely with him, and he has a good many perfectly regular all-stars to prove the showing of the team is not all his fault. Nevertheless, Mitze will have to be the goat in the minds of many fans, and you won't be able to convince those same fans that the team would not have been able to crawl out of a slump, had they enjoyed a leader of magnetic personality and aggressive, shrewd tactics.

Leavitt is keeping his own counsel on the subject and has never intimated that he was not satisfied with the way Mitze was handling the team. Nevertheless, gossip has been busy, and gossip is a mean, old woman when she gets her tongue loose. The names of Gus Helling and Tyler Christian have been suggested as prospective successors. But it is hardly that Leavitt will take a whirl through the east before the season closes and see if he can pick up the type of leader he wants.

Under different circumstances and with the team holding together, Mitze would have been successful. But it would have taken a man with the virtues of a god to have overcome the obstacles and tribulations placed in Mitze's path this year.

The Ducks certainly profited handsomely by their stay in our fair city. They were the only team to have a chance. Four Ducks are now among the five best batters in the league. Kaylor is the leading Oak with a batting average of .350. We fired our only .300 batter when we checked Pernell.

Under different circumstances and with the team holding together, Mitze would have been successful. But it would have taken a man with the virtues of a god to have overcome the obstacles and tribulations placed in Mitze's path this year.

## MASTER MINDS IN THE COAST LEAGUE STRUGGLE

Wallace Bray (Happy Hogan), manager of the Venice club, finds it distinctly up to him to stop Walter McCredie's string of champions. It is no new trick for Hogan to be the runner-up. He is accustomed to being up at the finish and fighting hard, but he has hitherto been nosed out of the pennant each time. It looks as though he was in for the same sort of a deal this year.

## M'ALLISTER MUST SHOW PUNCH OR FORFEIT PUBLIC ESTEEM

Winner of Today's Bout Will Have Plenty of Opponents in Sight.

By THE TIMEKEEPER.  
By the time this edition is in

will be in the course of construction. In the one now being constructed is the future possibilities of Bob McAllister, ex-Olympic clubman, who this afternoon is meeting Sailor Ed Petrosky over a scheduled 20-round course in Jim Coffey's eighth street arena.

Much depends on McAllister's showing. Unless he can exhibit something more than a love tap, his excuse, no matter if it does get the decision, will avail him little from the sporting fraternity.

The boxing public has become disgusted with the constant "discovery" in training quarters—a "terrible" punch in McAllister's mitts. In his last bout he was headed as having discovered said punch, but in the ring it failed miserably to put in its appearance. Now it remains for Bob to show that the lost has been found. There is no doubt that McAllister is by far a cleverer man than Petrosky. But cleverness without a punch does not appeal much to the general public. When Petrosky and McAllister met in their previous twenty-round engagement which was called a draw, McAllister seemed to have a slight advantage in the early rounds, but he was unable to make the most of it.

Petrosky is a rugged chap. A decided improvement in his boxing power will not be evident in his appearance. It is generally conceded that he would be the best of the twenty-round limit. McAllister would win on points if he could only get a good punch in the early rounds. But he has not been able to do so.

Should Petrosky win today, his manager, Louis Parente, will take him to Los Angeles to meet a challenger named Tom Walsh. Walsh is a very strong fighter and should win today.

Jim Coffey wants a champion for his eighth street arena.

# CROP REPORT IS

## MARKET BOOST

Bearish Predictions Follow  
News That Government  
Document Is Ready.

CHICAGO, Sept. 8.—Bearish predictions regarding the government crop report tended today to make the wheat market easy. Best offerings of firm grades sold at a steady price, but the opening was unchanged, closing half lower and there seemed but little disposition to get outside that range.

Quite general rains weakened corn. The bullish outlook as to the Washington estimate seemed to cause a rally. First sales were from 100 to 150 cars, but the advance from nearby action was not sustained.

Although trading in oats was light prior to the opening of the market, buying by a leading house furnished support.

Provisions developed strength with hogs. The ensuing advance was general, but increased only slightly.

Although no additional setbacks took place because of the resumption of threshing, the west and better prospects for fall planting.

Recurrent weakness came about to coincide with the resumption of threshing. The shorts covering led to another upturn. The close was unsettled, varying from 4c low to 4 1/2c advance.

**CROWDS ATTEND VINTAGE FIESTA**

**St. Helena's Exhibit Proves Attractive to Many; Carnival Tonight.**

ST. HELENA, Sept. 9.—California's only festival in celebration of the vine, the St. Helena Vintage Festival, is in full swing in this picturesque town near the head of the Napa Valley and reached its climax today.  
This region produces five million gallons of wine a year. Its wine and its grapes are the superabundant offering of its slopes and its vales, but there is agriculture as well, and in the exposition are shown corn stalks 15 feet tall and squashes that weigh 140 pounds.  
Admission Day brought the crowning events of the festival. A floral and industrial parade in the morning, music, fireworks and the burning of the effigy of the evil spirit.  
A hundred automobiles came from Napa for the parade and excursion trains brought in people from surrounding points. More than two tons of grapes were given away in dainty two-pound baskets, an expression of the largesse of the Napa Valley.  
Yesterday they had athletic events among the grammar school children in the morning and the prizes were given out by the royal band of Queen Monty. Her royal highness held court in the afternoon and later with her regal retinue presided at the midday. A concert and grand ball by the St. Helena parlor of the Native Sons and a vintage allegory were the evening features.  
The allegory was staged in the pavilion. It was written by Gardner de Veuve, principal of the grammar school and director of the vintage amusements. St. Helena and the goddesses overcame the evil spirit. Knockout, Prosperity and Future were released from bondage and Queen Monty was crowned again.  
In the allegory cast were C. C. Coleman and the Misses Montana Bohler, Ivy Loeber, Rose Bud Rivers, Elizabeth Schultz, Alberta Davis, Naomi Drake, Mary Pedroni, Julia Rossini, Saml Becky, Bernice Phelps, Elsie Sears, Edith Mad-dux, Carmelita Murray, Frieda Schultz, Dorothy Warren, Josephine Guisnes, Janice Ewer, Anna Schultz, Mrs. Esther Thompson, Teddy Mooney, Maxwell Murray and Robert Bohler.  
The committee chairman of the festival are J. J. Brown, J. L. Alexander, F. B. Mackinder, T. W. Roast, C. C. Coleman.

**"METEOR" WAS DYNAMITE AND OLD COPPER SLAG**

TIVERTON, R. I., Sept. 9.—The Thiverton meteor of August 27 was reported yesterday from the realm of natural phenomena by two young men who confessed to the police that the supposed celestial visitor was composed of sixty pounds of dynamite and a quantity of copper slag, which they had set off to cause a sensation. The "meteor" which was reported to have fallen in the Seacoast river, was accompanied by a blinding light and a deafening crash. Two fishermen later found in their nets a heavy piece of metal, which was declared to be the fallen "meteor." The fishermen put their find on exhibition and did a profitable business until a Brown University geologist pronounced the "meteor" to be nothing but copper slag.

**SENATOR IS SEEKING FOR HIS LOST GARMENT**

SACRAMENTO, Sept. 9.—Somewhere in this part of the state there is a missing piece of baggage containing a pair of gray trousers, the property of Senator P. C. Cogswell of Los Angeles.  
The senator is up in the high Sierras with the other members of the legislature. James Robb, San Jose; J. H. Edmonds, built by the engineering department.  
Senator Cogswell is retreating, but wants to exchange his mountain garb for the habiliments of urban life on his return to civilization.  
In his behalf John L. Mitchell, superintendent of Kings River highway, wired to the capital for help in locating the senator's trousers.

**RETREAT IS OPENED BY JUNIOR CLERGY**

GRASS VALLEY, Sept. 9.—The retreat of the junior clergy of the diocese of Sacramento opened last night and will continue until Friday. The Right Rev. Bishop Grace of Sacramento will preside and exorcises will be conducted by the Very Rev. Joseph A. Chapoton of Portland. Those in attendance are Fathers O'Toole, cathedral, Sacramento; Sullivan, Oak Park; Azevedo, Sacramento; O'Reilly, Susanville; Flanagan, Downieville; Hogan, Eureka; Gaffney, Fortuna; Greeley, Jackson; Kearney, Mariposa; Coen, Marysville; Hynes, Maxwell; Cahn, Placerville; McNaboe, Roseville; Tavernier, Sutter Creek; Gartland, Carson.

**MILLHAND ACQUITTED OF DYNAMITING PLANT**

SEATTLE, Wash., Sept. 9.—J. M. Semple, a mill hand, was discharged today by Judge J. C. Brown when arraigned in justice court on a charge of throwing dynamite into a shingle mill at Ballard on the night of May 24 to discredit striking shingle weavers. Charles E. McDaniels, whose affidavit formed the principal evidence against Semple, denied the truth of the statements in his affidavits when he was placed on the stand and was committed to the county jail on a perjury charge, later being released under \$1500 bonds.

**WEIGHT OF HUMAN SOUL IS ESTIMATED**

CHICAGO, Sept. 9.—The correct average weight of a human soul is four and seven-sixteenths ounces. This statement was made before the Theosophical Society yesterday by Mrs. Marie Russak, special envoy of the organization. The soul, she said, does not improve with weight. It is like a spongecake. A heavy, soggy soul is an inferior one.

**PRINCE FIGHTS FIRE; WORKS THREE HOURS**

NEW YORK, Sept. 9.—Prince Ludovic Pignatelli d'Armao, who recently took a house at Morwick, L. I., and immediately joined the fire brigade, has had his first experience as a fireman. Awakened at midnight a telephone call from the chief of the department, he was ordered to rush to a blaze between Merck and Tweed. The prince dressed, hosed and worked an ax until 3:30 a. m.

**After You Have Bought Your Piano —What Then?**

To know that the house of which they have bought their piano or player-piano has constantly in mind their welfare, the condition of their instrument and their continuous enjoyment of it, gives to most buyers a deep feeling of satisfaction.

One most potent factor of our business is the service extended to each and every purchaser. The satisfaction of the buyer being paramount, no request is too small, no demand too great to meet the courteous and immediate response of our service department. This service is unique in the piano industry. It is doubly so, because, to buyers of pianos, player-pianos and talking machines, it is, for one year, absolutely free; just what you have a right to expect and receive.

It is worth your while, a duty to yourself, to investigate our selling methods, our easy payment plan and the quality of our Pianos and Player-Pianos before your purchase is made. We know that you will find here Pianos and Player-Pianos which, at their prices, cannot be duplicated in durability, quality and musical worth in the West. Every one is made right and priced right—at identically the same figures that you would pay, save for the addition of Eastern freight, on the floors of their manufacturers in New York, Boston or Chicago. **New Haven Manager Says Accident Could Have Been Avoided.**

NEW YORK, Sept. 9.—In an open letter addressed to the two thousand engineers and her employees of the New York, New Haven and Hartford Railroad, Howard Elliot and J. H. Hustis, respectively president and vice-president of the company, has appealed to the employees for help. "We need your help and we wish to help you. Each must help the other if this road is to be run safely," their letter says.  
The officials urge upon the engineers especially the need of studying the rules for the operation of trains, declaring that the Bar Harbor Express wreck last week "would not have occurred had the rules been observed strictly, and good judgment born of experience been displayed."  
New rules with reference to examinations for vision, color sense, hearing and other physical tests will be put in force with the view, the letter says, of protecting the public and the employees of the system. It adds that no unnecessary hardships will be entailed by the examinations and that the road desires to retain all its employees who are physically competent to perform their duties.

**MINISTERS SMOKE WHILE BISHOP SCORES "WEED"**

ST. CHARLES, Mo., Sept. 9.—Bishop E. E. Hoss of the Methodist Episcopal Church South, urged ministers attending the Missouri Conference of that church here yesterday to refrain from the use of tobacco in any form, and he characterized total abstinence from the weed as one of the distinguishing marks of a gentleman. While he was speaking, several preachers were smoking on the lawn in front of the church in which the conference was held. The bishop asked those who attend the general conference in Oklahoma City next year, especially to refrain from smoking. He then asked for a vote endorsing his views as to the general conference, but several ministers said "no."

**ARE SHIPPING EAST.**

DUNCAN, Sept. 9.—Influence of the new Growers' Association on the rate in market became evident last week when an independent packer offered 4 1/2 cents for goods for early delivery. So far as can be learned a small tonnage only has been secured by the independents and they are said to be preparing to fill their contracts with goods through the affiliated interests. Last week the Kings county organization delivered 155 cars of Sultanias and 50 cars of Thompsons for sale in eastern markets. As a large demand is anticipated, owing to the European shortage, prices this fall will probably be the best for several years.

Adams has sued Prather for valuable stock which was turned over to the latter by the late Thomas Prather and it is desired by the defendant to obtain certain testimony from his wealthy brother-in-law, which has so far been withheld, it is said.
